Country Cooking Workshop

Do you know how to make perfect scones, every time?

Have you ever wondered how to make mustard pickles?

Can you make lemon butter in a microwave?

Are you aware that it's really easy to make your own Moroccan seasoning and use it to make the most delicious bread you've ever tasted?

These questions, and many more, will be answered at the Country Cooking Workshop, being held as part of the Harvest Festival Central Coast.

Mangrove Mountain Union Church and members of the local Country Women's Association present this workshop for your enjoyment. Participants will discover a variety of skills in the making of "good old" country fare.

All Workshop sessions, recipes, sampling opportunities, morning tea and lunch will be provided all for \$30/person. Participants will need to provide any specific dietary requirements during the booking process. Tickets can be obtained online at www.trybooking.com/PCBU.

The workshop will take place on Sunday, June 11th 2017 from 10:30 am to 3:00 pm in the Mangrove Mountain Union Church hall, 2154 Wisemans Ferry Road, Mangrove Mountain, NSW 2250.

The church and hall will also be open on Saturday, June 10th for those wanting refreshments. Coffee, tea and cold drinks will be on sale along with a selection of cakes, scones, croissants as well as some savoury items.

High quality plants sourced from local nurseries will be sold on the day at special prices.

100% of proceeds will go towards the upkeep of this community-owned historical church which will turn 105 years old on Mother's Day.
